Description

Swibo Boning and Sticking Knife – precise blade for professional meat processing

The Swibo boning and sticking knife with a 15 cm straight blade is a professional tool for daily use in meat and food processing. It is part of the Swibo collection by Victorinox, designed specifically for the requirements of industrial and artisan operations. The straight blade shape enables clean boning and sticking with targeted force transfer.

Product features

- Combined boning and sticking knife for versatile use in meat processing
- Straight blade for precise, controlled cutting when boning and sticking
- Orange handle colour suitable for colour-coded area identification in accordance with HACCP colour systems

- Self-service packaging for straightforward retail and wholesale use
- Part of the Swibo collection – designed for professional food processing
