Description

DICK Boning Knife 13 cm – curved, stiff blade for precise boning

The DICK knife 8 2891 13 in orange is a professional boning knife with a 13 cm curved, stiff blade, designed for use in meat and food processing. The orange handle enables clear colour assignment according to HACCP colour systems and supports workplace hygiene in the facility. The knife is aimed at commercial users in butcheries, slaughterhouses and food production.

Product features

- Curved, stiff blade for targeted boning and deboning along bones and joints
- Stiff blade design for powerful, controlled work
- Colour-coded handle for HACCP-based colour coding – supports area separation within the facility
- Professional quality from F. DICK – established manufacturer of knives for food processing
