Product data

Description

VIKAN Floor Squeegee 7754 – Reliable Removal of Liquids from Smooth Floors and Surfaces

The VIKAN Floor Squeegee 7754 is a professional cleaning tool for use in hygiene-critical areas. The cell rubber blade effectively removes water and other liquids from smooth floors and surfaces. With a working width of 600 mm, the tool is suitable for fast use on medium to large areas in industry, food processing and related sectors.

Product Features

- Cell rubber blade for effective removal of water and liquids
- Suitable for hygiene-critical work areas with elevated cleaning requirements
- Wide working width reduces time required for surface cleaning
- Robust construction for professional continuous use
- Part of the VIKAN hygiene concept – compatible with common VIKAN handle systems

Technical Data / Specifications

- Model: 7754
- Blade material: Cell rubber
- Working width: 600 mm
