Description

Hanging Rail for Disposable Aprons – organised storage in hygiene areas

The hanging rail is specifically designed for storing disposable aprons and enables organised, hygiene-compliant provision at the workplace. The blocked stainless steel construction ensures stability and durability even in demanding environments. The product is supplied as an individual unit.

Product features

- Organised and readily accessible provision of disposable aprons directly at the point of use
- Robust, blocked construction for long-term use
- Stainless steel design – corrosion-resistant and easy to clean, suitable for hygiene areas
- Compact design for wall-mounted or stationary installation
