Description

100 m Nylon Strap for BÄREN Aprons – Replacement and Replenishment Material for Apron Equipment

This nylon strap is specifically designed as supplementary and replacement material for BÄREN aprons and is supplied as a 100-metre roll. It is suitable for use in food processing, kitchen and counter equipment, and production environments where aprons need to be retrofitted or repaired with straps. The roll format enables cost-effective stock management in commercial operations.

Product Properties

- Precisely matched to BÄREN aprons
- Suitable for retrofitting, replacing or repairing apron straps
- Available as roll goods, economical for commercial use and in-house assembly
- Applicable in food processing, kitchen, counter and production environments
