Description

VIKAN Ultra-Narrow Cleaning Brush 41972 – targeted cleaning in hard-to-reach areas

The VIKAN Ultra-Narrow Cleaning Brush 41972 is a hygiene brush with a working length of 600 mm, designed specifically for cleaning narrow and hard-to-reach areas. Thanks to its extremely narrow design, it reaches gaps, slots and narrow cavities that cannot be cleaned with conventional brushes. It is suitable for professional use in hygiene-critical operations.

Product Features

- Ultra-narrow design for cleaning tight gaps, crevices and hard-to-reach areas
- Long design allows access to deep or concealed cleaning points
- Suitable for use in hygiene-critical environments in food processing and industry
- Robust construction in accordance with the VIKAN hygiene concept for professional continuous use
