Description

Ear plugs in bulk pack – reliable hearing protection for production, kitchen and counter areas

The soft PU foam ear plugs are designed as a bulk pack of 250 pairs for regular use in commercial operations. The soft PU foam material conforms to the ear canal and ensures a secure fit without pressure. The high-visibility colour facilitates visual checks for correctly worn personal protective equipment.

Product features

- Soft PU foam conforms to the individual ear canal
- Comfortable wear even during extended use
- High-visibility colour allows easy visual checks by supervisors
- Disposable product suitable for single hygienic use

- Bulk pack reduces ordering effort and storage costs

Areas of application

- Production facilities and industry
- Food processing, kitchen and counter areas
- All work areas with elevated noise levels
