Description

Boning Knife Stiff – Precise Boning of Meat and Poultry

The Dick MasterGrip boning knife with a 13 cm stiff blade is designed for clean separation of bones, joints and tendons. The rigid blade geometry enables targeted force transfer and precise cutting control directly at the bone. The knife is part of the MasterGrip series by F. Dick and is designed for professional use in meat and food processing.

Product Features

- Stiff blade for controlled cutting when boning at the bone
- Suitable for boning meat, poultry and game
- Orange handle colour enables colour coding in accordance with HACCP hygiene concepts
- Professional quality from the MasterGrip series by F. Dick
