Description

VIKAN Table & Floor Scraper 2910 – Versatile Scraper for Production, Kitchen and Counter

The VIKAN Table & Floor Scraper 2910 is a professional cleaning tool for use in food processing facilities, commercial kitchens and production areas. With a total length of 260 mm, it is suitable for scraping residues from work surfaces, floors and counters. The product is designed to meet the requirements of hygiene-critical areas in food processing.

Product Features

- Suitable for scraping food residues, grease and product residues from tables, floors and counter surfaces
- Compact design for targeted use on limited surfaces and in hard-to-reach areas
- Suitable for use in food production, kitchen and counter areas
- Robust construction for continuous commercial use
