Product data

Manufacturer: Friedrich Münch GmbH & Co. KG

Description

Niroflex easyfit, 190mm Cuff – Cut-Resistant Glove with Extended Protection for Wrist and Forearm

The Niroflex easyfit with 190mm cuff is a cut-resistant glove made from metal mesh for use in food processing, kitchen and counter environments, and production. The extended 190mm cuff provides additional protection beyond the wrist and reduces the risk of injury when working with sharp knives, skewers, or similar cutting tools. The easyfit model offers an ergonomic fit that enables comfortable and fatigue-free working.

Product Features

- Extended cuff protects the wrist and lower forearm when handling sharp tools
- Suitable for use in food processing, production, and kitchen and counter environments
- Ergonomic easyfit design for comfortable, prolonged wear

- Protection when working with knives, skewers, and similar cutting tools
- Metal mesh construction for reliable cut and puncture protection

Technical Data / Specifications

- Model: Niroflex easyfit
- Cuff length: 190mm
