Product data

Manufacturer: Friedrich Münch GmbH & Co. KG

Description

Niroflex 2000, 150 mm Cuff – Cut-Resistant Glove for Food Processing

The Niroflex 2000 with 150 mm cuff is a cut-resistant glove made of stainless steel mesh, designed for use in food processing as well as kitchen and counter environments. The extended cuff provides additional protection of the wrist and lower forearm when working with knives, saws, or other sharp tools. The product is intended for commercial users in production, slaughtering, and food retail.

Product Features

- Extended cuff (150 mm) for additional protection of the wrist and lower forearm
- Cut protection when working with knives and sharp tools in food processing
- Stainless steel mesh – robust, durable, and easy to clean
- Suitable for use in kitchens, at counters, and in industrial production
- Food-safe and hygienic, easy to clean

Technical Data / Specifications
