Description

Skinning Knife ErgoGrip – precise professional knife for meat processing

The F. DICK skinning knife from the ErgoGrip series is a professional knife for commercial meat and food processing. With its 15 cm blade, it is suitable for skinning tasks and comparable separation work on meat. The blue version enables colour-coded identification by hygiene zones.

Product features

- Specifically designed for skinning tasks in meat processing
- Short blade length for precise, controlled cutting during skinning
- Blue handle colour suitable for colour-coded area separation in accordance with HACCP requirements
- ErgoGrip series for ergonomic working during repetitive cutting movements
