Description

Swibo Boning Knife, 18 cm Straight – Precision Professional Knife for Meat Processing

The Swibo boning knife with an 18 cm straight blade is a professional tool for meat and food processing. It is part of the Swibo collection by Victorinox, designed specifically for the demands of the food trade. The knife is supplied with an SB sheath and is intended for commercial use.

Product Features

- Straight blade shape for precise boning and clean separation of meat from bone
- Suitable for professional use in butcheries, slaughterhouses and industrial food processing
- Includes SB sheath for safe storage and hygienic transport
- Part of the Swibo collection – designed for the demands of commercial kitchen and processing operations

- Handle colour enables colour-coded area assignment in accordance with HACCP principles
