

Niroflex 2000, 190mm Cuff

Content: 1

Product data

Manufacturer: Friedrich Münch GmbH & Co. KG

Description

Niroflex 2000, 190 mm Cuff – Cut-Resistant Glove Cuff for Food Processing

The Niroflex 2000 cuff with a length of 190 mm is an accessory designed to protect the wrist and forearm, intended for use in food processing as well as in kitchen and counter environments. It complements cut-resistant gloves and protects the exposed area between the glove and sleeve from cut injuries. The product is designed for commercial users in production, meat processing, and comparable sectors.

Product Features

- Extends cut protection beyond the wrist to the forearm
- Closes the protection gap between the glove and work clothing
- Suitable for use in food processing, kitchen and counter environments, and production
- Compatible with cut-resistant gloves of the Niroflex 2000 series

- Suitable for hygiene-critical work areas
