Description

Rectangular Box – robust transport solution for production, kitchen and counter use

The rectangular box with dimensions 75 x 50 x 30 cm is suitable for use in food processing, at the counter and in production. It offers sufficient volume for the transport and storage of larger quantities and goods. The box is designed to meet the requirements of commercial users and can be used flexibly in everyday business operations.

Product features

- Generous capacity for the transport and storage of goods
- Suitable for use in the kitchen, at the counter and in production
- Rectangular shape enables space-saving stacking and organised arrangement
- Stable construction for continuous commercial use
