Product data

Description

BÄREN Export Apron with Nylon Strap – reliable protective apron for kitchen, counter and production

The BÄREN Export Apron with nylon strap is a robust work apron for commercial use in food processing, at the meat counter as well as in kitchen and production environments. The nylon strap ensures easy and quick fastening. The apron protects workwear from soiling and is designed to meet the demands of daily use in the food sector.

Product features

- Nylon strap for easy donning and secure fit
- Reliably protects workwear from moisture, dirt and food residues
- Suitable for use in kitchen, counter and food production environments
- Durable design for daily commercial use
- Classic apron cut for unrestricted freedom of movement
