Description

Swibo Butcher Knife 22 cm – Straight Blade for Professional Meat Processing

The Swibo butcher knife with a 22 cm straight blade is a professional tool from the Victorinox Swibo collection for use in slaughterhouses, butcheries and industrial food processing. The straight blade shape is suitable for clean, guided cuts when breaking down and portioning meat. The knife is supplied individually in a self-service sheath and is available in a packaging unit of 6 pieces.

Product Features

- Professional butcher knife from the proven Swibo collection by Victorinox
- Straight blade for precise, guided cuts when breaking down and boning
- Distinctive handle colour facilitates assignment and identification in the workplace
- Included self-service sheath protects the blade during storage and transport
- Suitable for use in slaughterhouses, butcheries and the food industry
